

Avenging Angels by His Side
(Parody of “Angels By His Side” by
Francesca Battistelli)

I can say there's coming Judgment Day
And to the stones you will be cryin'
And He has promised, He'll burn this earth
away
With every preacher who's been lying

Avenging angels by His side
Vials of wrath they will pour out
His arm outstretched our God will come –
claim His own
His enemies all out of time
He'll destroy them with His might
His avenging angels
The angels by His side

So we hold fast, the profession of our faith
His promises – we keep believing – oh – oh
–oh
We will watch our King – repay you to your
face
For same sex marriage – you refused to obey
Him!

Oh -- Avenging angels by His side
Vials of wrath they will pour out
His arm outstretched our God will come –
claim His own
His enemies all out of time
He'll destroy them with His might
His avenging angels
The angels by His side

The trump will sound the last time
We're anchored in that hope
On that great day – don't pretend you didn't
know

Avenging angels by His side
Vials of wrath they will pour out
His arm outstretched our God will come –
claim His own
His enemies all out of time
He'll destroy them with His might
His avenging angels
The angels by His side
His avenging angels
The angels by His side – oh oh oh oh oh oh
Then Christ will claim His bride
