

american Sodomite (Parody of "American Idiot" by Green Day)

You wanna be an american idiot.
You are a nation under fag media.
And you will hear the sound of hysteria
When your Creator destroys you, america.

Chorus:

Welcome to the last generation
Of the human experimentation
Because you all say it's OK to be gay.
Soon there will be no more tomorrow,
Only darkness, wailing and sorrow,
And you can never argue.

Well surely you're the faggot america.
You are a part of a sodomite agenda,
And all you perverts do the propaganda.
You must have missed our timely memoranda:

Chorus

You wanna be an american sodomite.
One nation controlled by fag media.
And we are telling you you'll have hysteria.
We are crying to sodomite america.
