

**Elizabeth's in Fire (Parody
of Johnny Cash's 'Ring of
Fire').**

Hell -- is a burning thing
Edwards now moans and
screams
Filled -- with undying worms
She fell in to a lot of fire

Elizabeth fell in to a lot of fire
She's gone down, down
And her flames burnin'
higher.
Oh she burns, burns, burns
A lot of fire
Endless fire

She landed in hell—with a
whole lot of fire
She went down, down, down
Her flames burn higher
Oh she burns, burns, burns
A lot of fire
Endless fire

For her now hell is real
Yet -- it will not kill
She fell in with her young
child
Cuz our God is a consuming
fire—

For her proud sins she fell into
a fire
She cursed her God
Now the flames burn higher
Oh she burns, burns, burns
A lot of fire
Endless fire

She'd tell you of hell and its
whole lot of fire
She fell down, down, down
Where the flames burn higher
But you will not learn
About this fire
It's endless fire

She burns, burns, burns
A lot of fire,
Tormenting fire
Tormenting fire
Tormenting fire (fading)
