AMERICA

IS

DOOMED

“Her prophets are light and treacherous persons: her priests have polluted the sanctuary, they have done violence to the law.” (Zephaniah 3:4)

The days are exceedingly wicked and the thoughts of men are only evil continually. That God is angry with America, and that He has turned His face against this people cannot be denied. Think Harvey! Think Irma!

Where then, are the preachers? They forgot that their duty is to raise their voice like a trumpet, against the very sins that are bringing God's wrath upon the nation. Though churches abound, hard preaching can't be found. There is a famine of hearing God's word. The preachers are in constant pursuit of filthy lucre, and the approval of men. They are said to be "light", meaning they have no seriousness, no conviction, no regard for the immortal souls of the people, and have no true exhortation, edification, or comfort to offer them. God never called them to His work; therefore they know nothing of it. And so we find the ancient practice of men wresting the scriptures to their own destruction is still alive today.

Lord willing, we will greet you in Carson with words of life at your temples of idols. If these words are new to you, we urge you to study the scriptures for yourself, and reject every false way.
