NEWS RELEASE

To the pandering, demagogic legislatures* now passing laws to stop WBC's Gospel preaching at godless Military funerals:

You know, of course, that you are flagrantly violating your solemn oaths to God and man, in that you are deliberately, knowingly trashing the First Amendment. (Although it is doubtful that any of you could actually quote the 45 words of the First Amendment.) To wit:

You are making laws respecting an establishment of religion (Westboro Baptist Church); you are prohibiting the free exercise of WBC's religion (picketing at the forum of God's preference – Military funerals); you are abridging the freedom of speech (God hates fags and God hates America and God is blowing these soldiers to smithereens by Iraqi IEDs and sending them home in pieces in body bags); and you are abridging the freedom of the press (words on signs like, You Turned America Over to Fags; They're Coming Home in Body Bags).

Thus you are carefully and intentionally violating four of the six First Amendment rights – each an important, separate, holy right – which you swore to support and defend.

Against the advice of your own legislative counsel and every recognized Constitutional law expert who has addressed the matter, you are creating law which is the bastard offspring of passion, prejudice, and putrid pandering to the rabble.

You are doing this because you have no honor and you hate God. Your legislatures are stud farms for jackasses and whorehouses for queers. You legislators are fags and/or fag-enablers.

The City of Topeka and State of Kansas passed such anti-picketing laws against WBC in the late 90s. WBC sued. WBC won. See attached checks in respective amounts of \$47,000 and \$170,000 awarded to WBC as attorney fees.
