

Let It Go (parody of "Let It Go" by Idina Menzel)

Your sin shines bright in this nation tonight  
Not a good heart to be seen  
A kingdom of fornication, and it looks like fags are queen  
The mobs are howling, as the heathen rage and cry  
Tried to warn you all, Heaven knows we tried  
Don't let sin in, don't let it be  
Be the one who says, "No fag marriage!"  
Appeal, don't deal, don't let this go  
Be sure they know!

Let it go, let it go!  
Don't give the fags any more  
Let it go, let it go  
Kick 'em out and slam the door  
We don't care, what lying preachers say  
Let the mob rage on.  
We're still gonna warn you all, anyway

Funny – you think resistance  
will change God's law at all  
No fear of man controls us, this nation's gonna fall  
You soon will see what God can do  
He has no limits – when He's through  
You all will bow and bend the knee  
You'll see!

Let it go, let it go  
Christ is coming through the sky  
Let it go, let it go  
Put away your sin – or die  
On earth He'll stand  
He'll have His way  
Let the mob rage on -----

These words have flurried through the air and you are  
bound  
Your soul's imperiled every time you give the fags more  
ground  
Your doom it crystallizes – then in one great blast  
There'll be no turning back -- the Final Day at last!

Let it go, let it go  
Christ is coming through the sky  
Let it go, let it go  
Put away your sin – or die  
On earth He'll stand  
And He'll have His way  
Let the mob rage on -----  
We're still gonna warn you all, anyway
