

Semper Faggots is your guide
U.S. Coast Guard Song

Your Coast Guard efforts are in vain
Your god is all your sin
You claim that filthy flag is great
This war you'll never win
The coasts you guard are leaking sieves
In spite of all your laws
You'll never stop your enemy
Your enemy is God

(Chorus) *So here is the Coast Guard
Song of Doom*

*We sing to you today
The wrath of God is on this land
And He won't go away
"Semper Faggots" is your guide
Your pride your honor, too
You fight with God, you go to hell
Aye! Coast Guard your God hates YOU!
(or you can say "Argh!" like a pirate)*
