The recent occurrences in the Washington DC area include, but are not limited to, the lawsuits being filed against the many hotels that are purportedly knowledgeable of at least if not party to the sex trafficking that is rampant in a city where there are virtually no limits to what one could do if they took a fat mind to. Further, the innocents that are being shot down in cold blood at home and at work, while witnesses stand by and barely get a clue about what the killers looked like.

**DON'T  
WORSHIP  
THE  
DEAD**

Worshipping and idolizing the dead is as empty a process that is conceivable. Once a person dies, their soul leaves their physical body and all that is left is the dust that the body came from. The only question is where has that soul gone to spend eternity? That should be the focus, not making an empty god out of those that have died by putting a flag by every grave. Further, this folly only angers God, as he despises such conduct. (Amos 5:21) For these reasons, WBC will be reminding the people that are present at Arlington National Cemetery on Memorial Day of what is important in this life.

Meanwhile, just recently, the principle of Damascus High School, Casey Crouse, was transferred to a new position away from the school, amid allegations of rape taking place in the locker rooms, on her watch. Instead of taking responsibility for the perverted and unlawful behavior of her students, she runs away from the situation (making sure her salary will remain at \$160,000). WBC will be reminding Casey and all others similarly situated, that we are all going to be held accountable for how we use the power that the Living God has given us. We can run from God, but we cannot hide. (Job 34:21)
