

Fear God (Parody of "Feel Good, Inc." by Gorillaz)

Walking in the light of their own sparks
Making up morality from their dark hearts
Priests rapin, pastors whorin, lyin on God
Fags and dykes demandin that the people applaud
Baby killers, self-willers, feeding on ash
Worshipping their flags, army corpses and cash
Now every man coveting another man's wife
Casting their contempt upon the Bread of Life

Chorus:

Abba, Father – hear our cry
Watch with thine all-seeing eye
Heathen rage, their drink is sour
Pour out fury, show Thy power
Speak unto them in thy wrath
Goats they despise Thine old paths
Break them with a rod of iron
Come quickly, Lord, come.

The Word they're trying to choke back, their hearts
black
Lining up for their GodSmacks
No Bible crackin', hands are slack
His rod for the foolish' back
You gotta sojourn here with trembling and fear
Big Clunk, say you better get some fear
Watch as God annihilates

Ha Ha Ha Ha Ha
Yo, He gonna throw down
Yo whole town
Last trump sound
Game over, fools
You gonna bite the dust
Won't listen to us
So drink the cup
Times almost up
He won't stop, get it get it
His sword, He whet it, whet it
Watch as God annihilates
Ha Ha Ha Ha Ha

Chorus

He won't stop, get it get it
His sword, He whet it, whet it
Watch as God annihilates
Ha Ha Ha Ha Ha

He won't stop, get it get it
His sword, He whet it, whet it
Watch as God annihilates
Ha Ha Ha Ha Ha
