

## Kansas Song: Home on the Range

Kansas is home, to the proud fag that roams  
Where they're letting fags marry all day  
Where never is heard, a righteous man's word  
And they teach it's OK to be gay

Home, home on the range  
Where they're letting fags marry all day  
Where never is heard, a righteous man's word  
And they teach it's OK to be gay

Fags should be pressed, from this part of the west,  
Til their likely no more to return  
To Sodom's black lake, where they'll learn of their fate  
And remember they must turn or burn

Home, home on the range  
Where they're letting fags marry all day  
Where never is heard, a righteous man's word  
And they teach it's OK to be gay

You had gospel light, Zion shining so bright  
But your leaders all taught you to mock  
So judges bow down, and fag marriage abounds  
Cuz the Christians have lied about God

Home, home on the range  
Where they're letting fags marry all day  
Where never is heard, a righteous man's word  
And they teach it's OK to be gay
