

Mama Lied

(to Merle Haggard's Mama Tried)

Wrath of God from heaven showin'
God's storms they are a-blowin'
You chase your sin and idols, full of pride
Lying preachers, every town
Your souls with sin are bound
Pray God will change your mind, cuz Mama lied

Fornication is your style
Now transgender is your child
Your mama failed to warn you what's in store
With no Bible Sunday learnin'
To adul'try you've been turnin'
Til God now isn't blessin' anymore

Now you face a fiery prison, eternity, without parole
Only God can steer you right, cuz Mama lied, Mama lied
Parents failed to teach the Bible; all the laws of God denied
At God's throne she will be blamed, cuz Mama lied

Dad was bound to watch your soul
Left the truth of God untold
And now you think that sin and filth's excused
Troubled spirits find no rest
With affliction you're oppressed
We tried to warn with signs, but you refused

Now you face a fiery prison, eternity, without parole
Only God can steer you right, cuz Mama lied, Mama lied
Parents failed to teach the Bible; all the laws of God denied
At God's throne she will be blamed, cuz Mama lied
