

NOW GOD HATES THIS LAND

Oh country full of shame  
Cursing God's holy name  
To thee we sing;  
Land where God's light was bright  
He had us in his sight  
Then sin became a civil right  
Now God hates this land

God will not hear your prayer  
His anger's on the air  
Hell is your fate  
You turned your back on God  
Let preachers teach you fraud  
Your punishment is by God's nod  
Now God hates this land

He sent the IED's  
So the whole world would see  
This nation's fate  
You let the perverts gain  
Now body parts make rain  
An angry God has raised his hand  
Now God hates this land

Explosions everywhere  
God's anger in the air  
Hell is your fate  
Your soldiers are your pride  
None of your sin you hide  
Your evil ways God won't abide  
Now God hates this land
